**08 - WTC900X/IR - 600TVL COLOUR X-GEN STARLIGHT OR IR TRUE D/N
£211.69**

The WTC900X/SHR camera uses the latest Super High Resolution 600TVL Colour / 700TVL Mono True Day / Night X-Gen Module. The Commercial design Cable Managed Housing makes the camera eminently suitable for high value installations. A Super High Optical Grade 2.8~11mm Day / Night Varifocal Lens + the latest LED Technology provides top LED coverage with sharp well defined Mono Images for the whole image view. IR intensity is also adjustable allowing distances from 10m to 50m to be illuminated. Alternatively the DSS setting can be used for Starlight Viewing in Colour. The camera has DNR and Digital WDR circuitry to improve normal and low light viewing plus Privacy Zones and a wealth of adjustments for awkward installations. Alternatively it can be left at factory default with simple lens focussing for standard installations. A test Monitor Output is provided and the camera will operate using either DC12V or AC24V. **09 - SK-P500EXV/IR - SUPER HI-RES EXVIEW IR VARIFOCAL TRUE
D/N
£245.04**

The SK-P500EXV camera uses a new Commercial design Cable Managed Housing with access for full adjustment of the Camera D/N Switching and IR Intensity Settings. The new Housing also provides a Test Monitor output. A High Quality 2.8~11mm Day / Night Varifocal lens improves the 550 TVL Sony Super Exview Colour Clarity. True Day / Night switching is governed by a photocell and employs the latest Auto filter change mechanism for clear daytime colour and enhanced night mono under IR illumination. This model is for use at sites where the optimum viewing distance is up to 40m. Dual 12V DC or 24V AC is standard to ensure stable power over short and long distance runs. NOTE: A 10X ZOOM LENS VERSION OF THIS CAMERA IS AVAILABLE SEE NEXT CATEGORY OF COLOUR CAMERAS. [\[Product Details...\]](#)
